LIFE
Usually comes to you in the form of messages. What you do with these messages is important.

Do you Hear | Get | Heed

MESSAGE
The message may be to grow, change, adapt, tell the truth, get a clue or to head in a new direction.

SYMPTOMS: Learning Curve, Confusion, Doubt
REQUIRED: Strength, Assistance, Guidance, Love

If you do not heed the message, you are now given a

LESSON
You probably won’t like the lesson, but it will increase your awareness. Oh Joy.

SYMPTOMS: Frustration, Upset, Adrenaline
REQUIRED: Advice, Direction, Structure, Enough Pain

If you did not learn the lesson (even if you thought you did) you are given a

PROBLEM
This is not life. Better to truly learn the lesson. Even better, get the first message. Otherwise you become a master problem-solver, which is the booby prize of life.

SYMPTOMS: Ease, Effortlessness, Balance, Pleasure, Joy
REQUIRED: Trust, Reserve, Space, Faith, Willingness, Flexibility

If you hear and respond to the message you are offered, you will enjoy:

SUCCESS
You’re successful when opportunities come to you, rather than you creating or chasing opportunities.

SYMPTOMS: Learning Curve, Confusion, Doubt
REQUIRED: Strength, Assistance, Guidance, Love

THE PROCESS OF LEARNING LIFE’S LESSONS
